

PROPOSAL FOR THE DEVELOPMENT OF SEPCIFIC SOFTWARE MODULES FOR Riemann Investments by Distributed Real Estate (DRE)

New York, January 4, 2013

I.- Parties

Simon Mills, representing DRE, a company based in New York NY.

D. Jorge Mata, representing **RIEMANN INVESTMENTS, S.L.**, ("RIEMANN") With tax ID number # domiciled in la Avenida de Marsil 53, Las Rozas, 28290 Madrid.

II.- Preamble

DRE is a company that provides technology platforms in several verticals in order to monetize broadcast and traditional media traffic and audience. DRE partners with multiple broadcast television and radio companies in the US.

Riemann is a software company specializing in mobile technology development and multi media platforms.

III.- Clauses

1.- Objective of the contract

The purpose of this contract is the development of software modules for Riemann Investments S.L, a company based in Spain which has been subcontracted by The Association Knowdle consortium group (The Association) to develop specific solutions related to Media companies.

2.- Confidentiality

The contents of this document and all associated business discussed and executed as a result of this document are to remain confidential and not to be shared with parties outside of the persons and entities mentioned in this document.

3.- Length

All software development mentioned in this contract is expected to be executed prior to June 1st 2013.

4.- Software development description

DRE will develop the following modules and platforms:

1. Development of Geo Spatial mapping platform and navigation system
2. Development of algorithm for filtering information in a general way and its presentation through the visual platform
3. Development of a filtering algorithm including a Criteria based valuation system to establish best value per square foot according to specific criteria.

4. Extraction of data related to real estate using smart wrappers and its inclusion inside the visual platform
5. Development of Integrated system to track, manage and report on all buyer acquisition, lead generation and revenue events.
6. Creation of pilot program in collaboration with either or all Radio One, Hollywood Tv, a News Corporation company or any other significant media entity.

5.- Fees

DRE will be paid the amount of \$200,000, 40% will be paid at the signature of this agreement, another 40% before February 20th 2013 and the final 20% before March 20th 2013

6.- Reselling of the platform developed.

Once all software development is finalized, DRE will distribute the platforms developed through its client base of joint venture media partners and in particular but not limited to Radio One and Hollywood TV. DRE will also attempt to execute joint ventures with additional media companies and utilize the DRE software to monetize the web traffic and audience of these joint venture partners. DRE agrees to pay Riemann an amount equal to 9% of the net revenues generated thru the usage of the platform. The total amount of payment to Riemann will never be greater than \$250,000 annually for the years 2014, 2015 and 2016.

8.- Title of ownership

DRE agrees that if any adverse conditions occur (Chapter 11 or other negative condition causing DRE to be non operational) that the code base known as the DRE software application will be made available to Riemann in its entirety.

As the technology is developed and updated, the code is escrowed by law firm Morris and Forrester and remains available to DRE and therefore Riemann at all times.

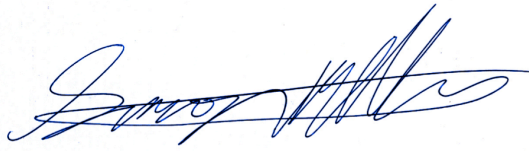

9.- JURISDICTION

Both parties agree to be bound by Jurisdiction in Madrid, Spain.

10.- Signatures

Both parties agree to the contract and sign it as of January 4, 2013.

DRE	RIEMANN INVESTMENT, S.L.
